CUSTOMER RECURRING INCOME (CRI)

Personal Retail Customers who maintain their products and/or services count toward your CRI. So do the Retail Customers who are sold products and/or services by VDO's in your leadership organization.

CRI is paid starting with the 1st purchase of your customer; and each subsequent purchase thereafter. To receive this income, you must meet both the one-time leadership rank qualifications as well as monthly Personal Retail Customer count qualifications. You meet the one-time rank requirement by attaining a leadership rank. You achieve the monthly Personal Retail Customer count qualification by having met the required number of Personal Retail Customers who have been sold products before or by the last day of the month.

Be sure you have the required number of Retail Customers by month's end to be paid at your leadership rank. Don't miss out on earnings; always have more Retail Customers than required. If your number of Retail Customers is fewer than your qualification requirements, a one-month grace period will begin and you will be paid Customer Recurring Income (CRI), UNLESS the previous qualification was a grace period. You will not be paid CRI nor LCB when you have two (2) consecutive months of missed customers qualifications.

All Retail Customers necessary for commission and bonus qualifications must have purchased products by Friday at 11:59 pm Central Time for a payment to be issued on the following Friday. Any new purchases or status changes received after that time, will be paid the following Friday. Commissions are based on net purchase amount.
